FOLSOM DAM SCHOOL TOURS and PROGRAMS

Tours of Folsom Dam are currently being offered only to classes of students, grades 2nd thru 8th grades at no charge. Private and homeschool classes also have the opportunity to obtain a dam tour, providing their affiliation is listed on the California School Directory.

"The children are able to see and feel the dam. At the center, they are able to understand the dam and its uses. The dam tram is a wonderful addition. As always, everything about the trip went smoothly and was very educational. Looking forward to next year!"
